### Extruded Solid Brass Hinges Built To Last

Choose from our 6 finial styles! More finial styles at [rensup.com](http://rensup.com)

**A** Square w/ Ball finial    **B** Square Left Lift-Off w/ Button    **C** Square Right Lift-Off w/ Coin    **D** Radius w/ Décor    **E** Radius Right Lift-Off w/ Steeple    **F** Radius Right Lift-Off w/ Temple

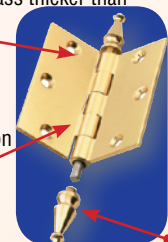

### The Superior Quality of a Renovator's Extruded Solid Brass Hinge

Wings are solid brass thicker than ordinary hinges.

Countersunk Holes allow mounting screws to fit flush. Attractive!

Cylinder is precision machined for a perfect fit.

Stainless Steel Pin will never corrode or bind.

All Items listed with RSF are Exclusive! Solid Brass Screws included with every hinge! Also available separately. Finials. Distinctive styles made with the same care and quality we put in our hinges

### Need a Right (C & E) or Left (B) Lift-off inge?

- Position yourself so the door opens toward you
- The side on which the door knob is located is the type of lift-off hinge needed
- If the knob is on the right, a right lift-off hinge is needed
- If the knob is on the left, a left lift-off hinge is needed
